A Session of the Redevelopment Agency met at the Historic County Courthouse, 1 South Main Street in Brigham City, Utah at 12:44 p.m. on **July 19, 2023**. The following members were present:

- Stan Summers  
- Boyd Bingham  
- Lee Perry  
- Marla Young

Chairman

Member

Member

Clerk

The meeting was called to order by Chairman Summers.

**APPROVAL OF MINUTES**

**THE MINUTES OF THE REGULAR MEETING OF MAY 30, 2023 AND JULY 5, 2023 WERE APPROVED AS WRITTEN ON A MOTION BY MEMBER PERRY, SECONDED BY MEMBER BINGHAM AND UNANIMOUSLY CARRIED.**

**ATTACHMENT NO. 1 - AGENDA**

**AGENDA ITEMS**

*RDA Resolution #23-03 of the Box Elder County RDA Authorizing the Dissolution of the Box Elder County Logistics Park Community Reinvestment Project Area, subject to the Creation of a Utah Inland Port Project Area- Anne Hansen*  

Chairman Summers reported on a meeting regarding the Inland Port meeting. He stated Box Elder County and Spanish Fork are above the curve and will most likely house a part of the Inland Port. He explained that RDA Resolution #23-03 removes some areas from the proposed Inland Port Logistic Park.

Deputy County Attorney Anne Hansen said the areas weren’t triggered and no area budget was created. Some areas had a small overlap.
MOTION: Member Perry made a motion to approve RDA resolution #23-03. The motion was seconded by Member Bingham and unanimously carried on a roll call vote of Chairman Summers voting Yca, Member Bingham voting Yea, and Member Perry voting Yea.

ADJOURNMENT

A motion was made by Member Perry to adjourn. Member Bingham seconded the motion, and the meeting adjourned at 12:55 p.m.

ADOPTED AND APPROVED in regular RDA session this 18th day of October 2023.

Stan Summers, Chairman

NOTE: Please turn off or silence cell phones and pagers during public meetings. This facility is wheelchair
accessible and accessible parking spaces are available. Requests for accommodations or interpretive
services must be made three (3) working days prior to this meeting. Please contact the Commission
Secretary’s office at (435) 734-3347 or FAX (435) 734-2038 for information or assistance.
RESOLUTION 23-03

A RESOLUTION OF THE BOX ELDER COUNTY REDEVELOPMENT AGENCY AUTHORIZING THE DISSOLUTION OF THE BOX ELDER COUNTY LOGISTICS PARK COMMUNITY REINVESTMENT PROJECT AREA, SUBJECT TO THE CREATION OF A UTAH INLAND PORT PROJECT AREA.

WHEREAS, pursuant to Utah Code Title 17C, Chapter 3, on DATE, the Box Elder County Redevelopment Agency ("Agency"), via Resolution # 21-06 attached as Exhibit "A", created the Box Elder County Logistics Park Community Reinvestment Project Area; and

WHEREAS, the intent of the Box Elder County Logistics Park Community Reinvestment Project Area was to support development of manufacturing or logistics hub in the area; and

WHEREAS, neither Box Elder County nor the Agency has incurred indebtedness related to the Box Elder County Logistics Park Community Reinvestment Project Area; and

WHEREAS, subsequent to the establishment of the Box Elder County Logistics Park Community Reinvestment Project Area, the property included with it has been proposed for inclusion in a Utah Inland Port Project Area, and

WHEREAS, the purposes for creation of the Box Elder County Logistics Park Community Reinvestment Project Area will be substantially accomplished through the anticipated Utah Inland Port Project Area.

NOW THEREFORE BE IT RESOLVED BY THE GOVERNING BOARD OF BOX ELDER COUNTY REDEVELOPMENT AGENCY AS FOLLOWS:

1. The Box Elder County Redevelopment Agency hereby approves the dissolution of the Box Elder County Logistics Park Community Reinvestment Project Area as provided for in Utah Code § 17C-1-702.

2. This resolution shall become effective upon final action by the Utah Inland Port Authority board creating a Utah Inland Port Project Area that includes a portion of the Box Elder County Logistics Park Community Reinvestment Project Area.

3. If the Utah Inland Port Project Area as contemplated in the preceding paragraph is not fully created on or before December 31, 2024, this resolution shall be null and void and the Box Elder County Logistics Park Community Reinvestment Project Area shall remain in existence.

ADOPTED and PASSED by the Box Elder County Redevelopment Agency this the 19th day of July 2023.

BOX ELDER COUNTY REDEVELOPMENT AGENCY

RESOLUTION NO. 21-06

A RESOLUTION APPROVING AND ADOPTING THE COMMUNITY REINVESTMENT PROJECT AREA PLAN FOR THE BOX ELDER COUNTY LOGISTICS PARK COMMUNITY REINVESTMENT PROJECT AREA.

WHEREAS, pursuant to the provisions of the Utah Limited Purpose Local Government Entities - Community Reinvestment Agency Act (the “Act”), specifically Utah Code Annotated (“UCA”) Title 17C, Chapter 5, the Box Elder County Redevelopment Agency (the “Agency”) adopted a resolution on August 4, 2021, designating a survey area, which was to become the Box Elder County Logistics Park Community Reinvestment Project Area (“Project Area”), and calling for the preparation of a project area plan; and

WHEREAS, the draft Project Area Plan (the “Draft Plan”), having been prepared for the Project Area pursuant to UCA § 17C-5-105, the Agency held, on July 21, 2021, a duly noticed public hearing pursuant to UCA § 17C-5-104 to allow public comment on the Draft Plan and whether it should be revised, approved, or rejected; and to receive all written and hear all oral objections to the Draft Plan; and

WHEREAS, having received and heard all commentary on and objections, orally and in writing, to the Draft Plan submitted for its consideration, the Agency has passed upon such objections as it has received and has made such modifications, amendments, and/or emendations to the Draft Plan as it deems appropriate, if any; and

WHEREAS, the Agency has made relevant findings concerning the amount of opposition, if any, to the Draft Plan by owners of real property within the Project Area.

WHEREAS, pursuant to UCA § 17C-5-304, the Budget remains subject to approval by the entities that levy taxes within the Project Area that enter into interlocal agreements with the Agency for the Project Area before the Agency may collect project area funds from the Project Area; and

 THEREFORE, BE IT RESOLVED BY THE GOVERNING BOARD OF THE BOX ELDER COUNTY REDEVELOPMENT AGENCY AS FOLLOWS:

1. Legal Description.

The boundaries of the Project Area are described in the Project Area Plan, attached hereto as Exhibit A.

2. The Agency’s Purposes and Intent with Respect to the Project Area.

The purposes and intent of the Agency with respect to the Project Area are as follows:
2.1. To satisfy the purposes of the Act, as defined therein, by promoting, creating, and/or retaining jobs through the planning, design, development, construction, rehabilitation, or business relocation within the Project Area, as well as the provision of office, industrial, manufacturing, warehousing, distribution, parking, public, or other facilities, or other improvements that benefit the state or a community;

2.2. to increase the County’s tax base as well as its commercial front so as to improve both opportunity and quality of life for all of its citizens;

2.3. to promote, encourage, and bring to fruition, the development within the Project Area of a commercial development comprised of up-scale, reputable commercial concerns;

2.4. to stimulate the economy within the Project Area and in the surrounding area;

2.5. to provide for the installation of needed infrastructure, if and as necessary, for development within the Project Area;

2.6. to take any or all additional steps which may be appropriate or necessary to promote or further the aim of improving the Project Area (and, indirectly, of surrounding areas).

3. Designation, Adoption, and Incorporation of the Plan.

The Draft Plan for the Project Area (attached as Exhibit B) is hereby designated the Official Plan for the Intermountain Industrial Park Community Reinvestment Project Area (the “Official Plan”), and is incorporated herein by this reference.

The Agency hereby officially approves and adopts the Official Plan for the Box Elder County Logistics Park Community Reinvestment Project Area.

4. Required Findings.

4.1. A need exists to effectuate a public purpose; to wit, the exercise of the statutorily enacted community reinvestment mechanism for the benefit of the citizens of Box Elder County.

4.2. Benefit to the public shall accrue from the execution of the Official Plan, as each project undertaken thereunder shall be subject to the analysis described in Utah Code § 17C-5-105(2).

4.3. The adoption and carrying out of the Official Plan is economically sound and feasible.

4.4. The Official Plan conforms to the County’s General Plan.

4.5. Carrying out the Official Plan will promote the public peace, health, safety, and welfare of the Box Elder County and its residents.
5. Submission of the Official Plan to the Carbon County Commission for Adoption by Ordinance.

5.1. Pursuant to Utah Code § 17C-5-104 & -109, the Agency Board hereby submits the Official Plan to the Box Elder County Commission for review and adoption.

6. Recording and Transmittal.

6.1. Pursuant to Utah Code § 17C-5-111, Agency Staff are hereby directed and authorized to take the following actions within 30 days after adoption of the Official Plan by the Box Elder County Commission:

a. to record with the Box Elder County Recorder a document containing a description of the land within the Project Area, a statement that the Official Plan for the Project Area has been adopted; and the date of its adoption by the Carbon County Commission; and

b. to transmit a copy of the description of the land within the Project Area, a copy of the County ordinance adopting the Official Plan, and a map indicating the boundaries of the Project Area to each of the following: (i) the auditor and assessor of the county in which the Project Area is located; (ii) the officer or officers performing the function of auditor or assessor for each taxing entity, if any, that does not use the county assessment roll or collect its taxes through the county; (iii) the legislative body or governing board of each taxing entity; (iv) the State Tax Commission; and (v) the State Board of Education.

7. Execution of the Plan.

7.1. Following adoption of the Official Plan by the Box Elder County Commission, the Agency shall proceed to carry out the Plan.

8. Directions to Agency Staff.

8.1. The Agency staff are hereby directed and authorized to take all such actions as necessary to effectuate the purposes and aims of this resolution.

9. Project Area Budget

9.1 The Agency has received all comments and objections to the draft Budget.

9.2 Agency staff are hereby authorized to take all actions necessary, including those actions required by UCA § 17C-5-305, to carry out the purposes of this resolution.

10. Effective Date

10.1 This Resolution shall take effect upon its adoption.
APPROVED AND ADOPTED on the 4th day of August, 2021.

B) Contain a general statement of the existing land uses, layout of principal streets, population densities, and building intensities of the community reinvestment project area and how each will be affected by the project area development

Land Uses

Existing: The 2,082 acres of all parcels are either undeveloped or agricultural. No substantial buildings or developments sit on the parcels.

Anticipated: The Project Area will be developed into a manufacturing or logistical hub that will serve the Brigham City-Tremonton-Logan area.

Layout of Principal Streets

Existing: The proposed project area combines dozens of parcels across Box Elder County. The roads that outline the sections are noted in the properties below:

- Washakie Plant: a railroad line bisects the section, with 24000 N being the southern border and 8600 W as the Western border.
- RR Spur Mega Site: Hwy 83 as the southern border, 4800 W as the eastern border, a dirt road as the northern border, and the Walmart Distribution entrance as the western border.
- Richard’s Property: 1000 N as the southern border, 1000 W as the western border, Factory Rd as the northern border, and the residential 300 W as the eastern border.
- Reeder Ranch: I-15 as the eastern border, Promontory Rd as the northern border, 2600 W near the western border, and 800 N as the southern border.
- Lazy Boy: 1000 W as the western border, 1000 S as the southern border, a rail line as the eastern and abuts other parcels as the northern border.
- Tremonton Hospital Exit: I-15 runs along the western border, 1000 N as the northern border, with other parcels and the Skyway Golf Course forming the eastern border.
- Brigham City Airport: I-15 near the western border, Promontory Rd near the southern border, with no road access on the north or east sides of the parcels.
- Bailey Farms: Iowa String Rd as the western border, 6400 N as the northern border, Wakegan Rd as the eastern road, and dirt road access between Iowa String Rd and Wakegan Rd as the southern border.

Anticipated: There are currently no known adjustments to any of the roads at this time.

Population Densities

Existing: The Project Areas are mostly agricultural or vacant land, with a few small storage sheds or facilities on the parcels, all owned by various trusts, investment companies, or families.

Anticipated: The total number of jobs created through this logistics hub is unknown, but could range from 100-400, depending on the type of businesses that decide to engage in this project area.

Building Intensities
Existing: The Project Area consists of vacant lots and agricultural plots, some of which abut developed parcels with substantial infrastructure, like the Lazy Boy and Autoliv facilities, or Brigham City Airport.

Anticipated: In the first 10 years of The Project, it is assumed that as many as 10 facilities may be constructed at an average of 10,000 square feet each.

C) State the standards that will guide the project area development
The Box Elder County General Plan will guide Project Area development. This proposed development also fits the goal of the County General Plan by:

- Development along major thoroughfares and unincorporated communities
- Attaining the County goal of providing gateway opportunities to local communities
- Adding or expanding existing manufacturing to further diversify the local economy
- Creating a better quality of life and aesthetic experience for citizens and visitors
- Building out a targeted cluster around advanced manufacturing and product exports

D) Show how the project area development will further the purposes of this title (17C)
The Project Area will redevelop the proposed parcels and leverage private investment to support direct, indirect, and induced economic growth and activity associated with the construction of any facilities or business expansions in the Project Area.

E) Be consistent with the general plan of the community in which the community reinvestment project area is located and show that the project area development will conform to the community's general plan
The Box Elder County General Plan includes the following objectives that the Project Area will support and conform by:

- Commercial development along major thoroughfares
- Industrial development near major transportation corridors
- Placing manufacturing facilities near population centers
- Attracting business and industries that complement existing industry

F) If applicable, describe how project area development will eliminate or reduce blight in the community reinvestment project area
Facilities that are constructed will bring development and associated infrastructure developments such as roads, water, and sewer lines. Dilapidated structures may be removed.

G) Describe any specific project area development that is the object of the community reinvestment project area plan
The Project Area will include warehouses, storage facilities, and manufacturing facilities.

H) If applicable, explain how the agency plans to select a participant
The Agency intends to enter into a post-performance tax increment reimbursement agreement with eligible businesses. The tax increment reimbursement will only be given following the planned private investment that generates tax increment above the baseline assessed taxable value within the Project Area, as well as the business conforming to its Economic Development Tax Increment Finance (EDTIF) commitment with the Governor’s Office of Economic Development (GOED), if there is any agreement in effect.

I) State each reason the agency selected the community reinvestment project area
Box Elder County holds a prime location on two major freeways, I-15 and I-84. This ease of access combined with the regions existing manufacturing and industrial sectors provide a compelling reason to create a logistical or supply chain focused complex in the region. Manufacturing employs 25,175 people in the region², which qualifies it as the largest employment sector in the region. Considering the heavy manufacturing presence, a logistics/supply chain-

based project area makes the most sense, as it combines existing industries with the goals of County’s General Plan, offering some economic futureproofing. Additionally, by providing an alternate point in the supply chain, businesses may be able to reduce cost through reducing their required travel distance, which would further enhance the Project Area’s attractiveness.

J) Describe the physical, social, and economic conditions that exist in the community reinvestment project area
The Project Area consists of dozens of parcels owned by different entities, most of which are rural undeveloped lands. The immediate impact will be the clearing of weeds and other obstacles in preparation for construction. The Project Area will undergo significant construction that will stimulate economic growth in the region. Currently, the major economic drivers are manufacturing and food processing. The proposed Project Area is spread across thousands of acres, some along major freeways or residential areas, which gives an opportunity for passersby to observe that the region is developing and contributing to the local economy.

K) Describe each type of financial assistance that the agency anticipates offering a participant
The Agency intends to enter into a post-performance tax increment reimbursement agreement with any business that participates in the Project Area. Businesses will receive a portion of the tax increment generated within the Project Area that is above the agreed base taxable value at the onset of the project. Additionally, the Agency will set aside 10% of the tax increment toward targeted housing uses as required by Utah Code Title 17C.

L) Report the results of the public benefit analysis
The following analysis shall consider the benefit of any financial assistance or other public subsidy proposed to be provided by the agency, including:
   A. An evaluation of the reasonableness of the costs of the proposed project area development:
      • The Agency plans to use the available tax increment as a post-performance incentive to be provided to eligible businesses who construct a facility within the Project Area. The incentive will encourage businesses to make the private investments necessary to create new high paying jobs, and the incentive is also potentially being made in partnership with the Governor’s Office of Economic Development, which may provide up to a 15-year income tax rebate to eligible businesses.
   
   B. Efforts that have been, or will be made, to maximize private investment:
      • The Project Area will have the ability to house headquarters, warehouses, manufacturing, distribution, R&D, and other industrial facilities. Rather than have one company with one specific project area, the ability of having an extremely large Project Area, with a portion near a regional airport, increases the clientele that the Project Area can attract. Private investment is expected to be substantial, in excess of $20 million, a large sum for a rural region. Through any TIF incentive, public participation through the taxing entities will include a percentage of the property tax rate given as a post-performance rebate to ensure that the private investment and job creation has been realized.
   
   C. The rationale for the use of project area funds, including an analysis of whether the proposed project area development might reasonably be expected to occur in the foreseeable future solely through private investment. The Agency’s rationale for use of Project Area funds includes the following:

M) The anticipated public benefit derived from the proposed project area development, including:
   A) The beneficial influence on the community’s tax base
- Property tax is the primary revenue source for the government of Box Elder County. This Project Area will generate substantial property tax through the construction of new commercial property, which will strengthen the County's economic well-being and will reduce its need to raise taxes on its residents. Further, the property tax benefits will amplify upon expiration of the Project Area.
- Currently, the parcels hold a combined taxable value of $45,651,489, but with any development, that number is projected to increase, thus increasing property tax revenue for both the county and the participating cities.

A) The associated business and economic activity the proposed Project Area development will likely stimulate:

- The Project Area has the ability to house various facilities, including headquarters. In the Salt Lake market, with a historic high in construction square feet delivering in 2020, the demand for industrial space was so strong that records were broken for both leasing activity in terms of square feet, as well as net absorption. The price per square foot increased 31.9%, or $133.58 per square foot from 2019-2020. In Davis and Weber counties, the direct vacancy rate is 1.3%, with a 40% increase in space leased (or 1.4 million sq ft), creating an incredibly competitive environment. Of the 1.3 million square feet under construction, 70% is already preleased. This record pressure on the Wasatch Front market creates an opportunity for Box Elder County to position itself as an affordable alternative with a trained workforce already in place. Should businesses seek to find more affordable real estate, then the County stands to benefit from the construction and staffing of these facilities. It is anticipated that new employees will reside in the communities, boosting sales and property tax revenues. The additional industrial buildings will also contribute to an increase in property taxes, even factoring in any TIF related incentives.

B) Whether the adoption of the proposed community reinvestment project area plan is necessary and appropriate to undertake the proposed project area development:

- The Project Area is critical to support the extraordinary capital investment required to develop and construct robust state-of-the-art manufacturing and logistical facilities in the region. Without the Project Area and associated public participation from the taxing entities, it would be a huge undertaking for a company to develop a parcel(s) or facility, which may negatively affect future growth in the County. The public participation ensures that development will happen in a timely manner. The job growth opportunity combined with construction costs deem this Project Area an appropriate undertaking that will position the County as a vital hub in the national supply chain network, provide more economic opportunity for residents, and attract value added manufacturing or logistical industries, in line with the General Plan.

C) Whether the adoption of the proposed community reinvestment project area will be a benefit or a burden on the participating school district:
- The Box Elder County School District is the participating school district in the Project Area and spends $8,173 per pupil, excluding all non K-12 student costs, debt service, capital expenditures, school lunch costs and student fees and activities funded by them. To understand potential impacts of job creation on the Box Elder County School District, an analysis of potential scenarios is required. The key assumptions of the analysis include:
  - the new employees would follow the trends of the Utah population as a whole
  - children under 18 years of age comprise 29.5% of the total population in Utah\(^4\)
  - per-pupil spending will increase each year over the 20-year project duration
  - the creation of jobs will occur over the 20-year project duration
  - not all new employees will reside within the Box Elder County School District.

- The analysis concludes that the impact of new job creation and migration into the County would be absorbed into the community over a 20-year period and a substantial amount of the new jobs may be filled by students presently in the Box Elder County School District.

- The ability to attract business in an industrial area provides the county with an increased competitive position in the competition.
